May 1, 2010

Deer Family and Friends,

I hope this letter finds you doing well. I apologize for not sending a letter last month. I think the mountains and the long winter affected my brain somehow, and the month of March was lost under a few feet of snow. It had been a long hard winter for most in the mid-to-upper 48. Spring is here, however, and the hope of new life cheers us all.

We are almost to the summer months when we get to see the flesh and bones of our ministry--kids and summer staff. The camp will fill to overflowing with them.

I wish you could see camp in action. In fact, if you would like to come up during June and July for a short time, we could find a place for you to stay, and you could help us out. The summer months in the mountains are the reason people live up here.

We do have a couple of friends who are all ready coming out to help us for a week, but the more the merrier. Mary enjoys the company, and you will get to see what our ministry for the inner-city children of Denver is all about. Then you can take some time to enjoy the mountains and all it has to offer in the summer.

If you cannot make it, please pray for success for our four inner-city summer camps. Pray that the Christian children who come to camp would make lasting decisions for Christ and that those who do not know Jesus would accept Him as their Savior. And also pray about what you might send us to help with scholarships if you have not already done so.

Thank you for your love and concern for us. May God richly bless you in all you do.

Yours in Christ,

Mike and Mary Dicke
